I visited Artisan for the first time this week and received a specialty pedicure with dessert! Where do I even begin? The staff was kind, everyone, not just my technician and the front desk. The owner came and introduced herself later because she missed me at the front desk, my technician, Jennifer was really friendly and super efficient! I can't wait to go back! Hands down the best pedicure I've ever had.

My nail technician was very kind and professional. It is very crowded in the pedicure room, a lot of talking so not as relaxing as I might have liked. Nobody wears masks, I wish I knew that beforehand. I think they should let people know that when booking.

Especially because we were all packed in the room. It is expensive. They use nice products and if that means the staff is paid well, then I'm all for it! Overall, I probably would not go back.

I asked for a balayage and to just to cut off the dead hair. My hair was waist length and I just wanted it cut to mid length of my back. Instead I got a shoulder length haircut when I told the hairdresser I only wanted an inch off. And the color of my hair pretty much stayed the same and looks more like highlights than a balayage. I'm really disappointed since I've been coming here the past few years but I don't think I will again.

Yesterday was my first visit to Artisans'. I had a haircut appointment with Iris. The lady who checked me in (I'm sorry, I don't know her name) was so nice, and the wait time from when I sat down to fill out my intake form to when I was taken back was very

short. It was peaceful and comfortable inside the salon. Also, I just loved Iris. Thank you for booking me with her. She was so easy to talk to, very down to earth and sweet, and she did a great job cutting my hair. It's been over a year since I've had my hair cut due to the pandemic, and she made me look and feel beautiful!! I will definitely be a long-term customer of Iris/Artisans! It's so nice to have finally found a great hairdresser so close to home, thank you so much!! - Therese

I am grateful that Jeanette agreed to take care of me as a walk-in when she had a cancelled appointment. She was a pleasure to talk with, an interested listener and gave me an excellent haircut. I appreciated her advice about future hair care to help me deal with some challenges I have. It was a very positive and uplifting experience. I plan to return again and again.

I made an appointment for a prom hair style. The receptionist told me the woman she was scheduling me with actually specializes in prom styles and failed to mention that I needed to wash my hair prior to the appointment. On prom day I went in to get styled and right off the bat the stylist started complaining about my hair not being washed and despite telling her nobody informed me of the rules, she continued to be passive aggressive towards me about it. I then showed her a picture of the style I wanted and she said she didn't know how to do that and then said she's never really done a prom hairstyle before. She failed fo do a fishtail, I wouldve settled for a french or Dutch braid but she did not know how to do either of those properly. I left with a messy rope twist braid and curls that a toddler could've done. Worst \$70 I ever spent, I ended up brushing the style out and redoing my hair. Shoutout to Stacey!

Had a massage here. Parking was great since they had their own lot. But was not relaxing at all since I had to wear a face mask during my massage. Couldn't relax, felt suffocated honestly. And my masseuse kept talking to me. So with mask on and talking during my session I left with a slight headache. Probably will not be coming back for a massage.

Salon management has implemented safety measures to protect clients. They have done so in a creative and classy manner that doesn't scream "Covid pandemic" so clients are able to have a mini escape in a spa like SAFE atmosphere. Thanks for putting so much thought and effort to welcome back clients with safety and style in mind. Love my haircut, thanks to Stacy!

I love how Jeanette cuts my hair! Since Jeanette starting cutting my hair I never have days where I look in the mirror and tell myself I hate my hair! She does an amazing job working with my fine curly hair! The premises are very clean, and I feel extremely safe getting my hair done at Artisan's Salon. They take all precautions necessary.

I highly recommend Artisans' Salon. I feel safe as the staff is attentive to all COVID-19 requirements. Stacy did my hair perfectly and now my long locks shimmer like a water droplet on a windowpane caught in the sunlight. This is no easy feat considering my unruly mop that prefers to frizz up and lose its shine.

My first appointment at Artisan's Salon was an outstanding experience. The renovated interior of this Chestnut Street home is attractive and well-appointed. I was greeted promptly and warmly at reception. Iris was skillful and knowledgeable with cutting and styling my hair, and she received training at the original Quidad in mid-Manhattan which my wife and I had patronized years ago. I look forward to establishing a relationship with Artisan's Salon.

My Ouidad haircut and deep conditioning treatment was wonderful!! This salon is excellent and I highly recommend this place to anyone. My stylist is Peggy and she is a Ouidad Goddess Queen of Curly hair! I was a hot mess with dry frizzy hair that could not take one more day on its own with the lockdown...when the salon opened backup I immediately made a hair appointment -- If you are a curly hair gal then Peggy is the hairdresser for you! This salon is clean, has super friendly staff from the owner, hair stylists to the receptionist! Call and make your appointment today--you will not be disappointed at all. I have been going to Peggy for a very long time.

She was honest and along with my hair washing gave a great scalp massage. I don't use hairspray or other products and despite that, she was able to make my hair look like she had!!! Highly recommend her and Artisans' to others.

My stylist did a fine job of cutting & coloring my hair as usual, though I was very surprised that I was charged an additional fee for the extra coloring product used on my hair. I mean really- how much more product was necessary to cover an additional 1/2 inch of roots. Do the nail techs charge extra for the additional polish used for longer fingernails? Not very good PR for your faithful customers.

So good to be back in Ariel's chair! All through the pandemic closure, my nails suffered. Luckily, on the last day they were open, she had given me a cut and color, and I chose to go short for the first time in years. That fabulous cut lasted the whole three months, and I was delighted with it the whole time. But what a treat to go back to the salon! The provisions they've made for social distancing were perfect... nails have moved into what used to be the waiting area, and it was nice and private for us. Only three of us were being tended to in the hair area, so social distancing was easy. And the luxury of being pampered while catching up on news with Ariel was just wonderful.

I had reflexology and my friend had a facial. It was the first time either of us had been to the spa, but we both had an excellent experience. It was not only the service we had, but in general, the feel of the spa is very welcoming and attentive. The focus seems to be very much on the customer. It does not feel like a cold business.

Awesome! I was supposed to have my hair colored at 12:45 and nails at 2pm. I always like to get my hair and nails done around the same time with Wendy and Kelly, but this time it did not work out that way. Kelly saw that my appointment with her was not till 2pm, but my hair was at 12:45 pm. When I got to the shop Kelly came out to the front desk and said that I should come to her station instead of going to Wendy's and she would do my nails right away. Kelly was supposed to be on a break, but saw the time difference and was not going to have me wait till 2. All the girls are always friendly and courteous and that is why I keep coming back. They also do a great job every time.

Iris is an asset to the salon. She is very professional and a super sweet person. It was my first visit to a salon to get my hair colored. I thought I would give it a try, instead of using a store bought product. I must say I didn't see much of a difference. With that being said, I will return to a store product to color my hair, but will return to Artisans' Salon for any other service I may want.

It is nice to know that your hairdresser thinks about her customers and did my hair Monday instead of having to reschedule my appointment for another week.

5 stars for Wendy! She is a magician with hair. Wendy always gives an amazing haircut and she listens to you about how you want your hair styled and cut. She is also talented at coloring hair. I have traveled all over the country., and I have had other hairstylists cut and color my hair hair. Wendy far exceeds all of them in talent, expertise and professionalism. My only negative comment is for the salon. The change in your tipping policy is unprofessional. Please go back to using credit cards for tipping. It's degrading for the stylists and it's inconvenient for the customer.

Molly was recommended to me by a friend when I asked who I could absolutely trust to give me bangs that I would love (not an easy task!). Molly took the time to recommend how we could cut the bangs and did some color as well. I have never received so many compliments!!! Even my dad noticed and he doesn't usually notice these things! I am so happy with my hair and am a forever customer! Thank you Molly!!

Quite nice, The physical environment was clean and nicely furnished. They offered a variety of complimentary beverages. They had free WiFi. The stylist was very pleasant and knew her way around curly hair, which I have. I was quite impressed with her, particularly since it was my first time with her and I decided to go back to my curly hair after almost a decade of straightening it. She also took the time to teach me the system so that I can deal with it at home. I will look forward to going back as my hair calms down and I get used to having it again. And finally, I would not want to leave out the receptionist. She was a real sweetheart and the reason I decided to take the plunge in Emmaus instead of Easton. In all services, I believe the front desk is far more important than people give it credit. I will certainly recommend Artisans' but my hair will speak for itself. I am learning to embrace my curly hair!

Services Wendy provided were fantastic as always. She is the consummate professional in every aspect. However, this is the third time my appointment time has been changed without my consent or knowledge. First time was when my waxing was moved from Wendy to another person upstairs. Second was when I came to an appointment and was told I was scheduled for the following week. Third was when I called to cancel a scheduled appointment, I was told I had no appointment. The front desk needs improvement.

Recently I had 1 instance of inability to conveniently reschedule me well in advance and a second instance where the wrong services were scheduled and I had to return

later that week to get the services I needed. Otherwise I think Peg does an excellent job and tries to be as accommodating as possible.

I've been coming to Artisans for more than a decade and can't say enough about my stylist, Wendy. She is an amazing stylist and a wonderful person. Recently she, and the salon, did me a huge favor, fitting me in and even staying open late to provide the services I needed before an important event. My sister, who lives 300 miles away, will schedule appointments with Wendy when she visits me because Wendy's foils and haircuts are just that good. I ask Wendy to do whatever she thinks will look good on me and work with my lifestyle, and she nails it every time. I highly recommend Artisans as a place where you can build a relationship with a top notch stylist in a welcoming and comfortable salon environment.

I had the Ultimate Spa Package. If you are looking for a relaxing day this is one for you. This really is a day too, one that will help prepare for any big day or when you just want to pamper yourself. You start with an amazing hot stone therapeutic massage and you can feel the stress melt away. Next was a facial which made my skin feel baby soft which also includes an massage to your arms, face, and collarbone area. An amazing lunch from their delicious menu is next. For me this was followed by a pedicure with a snack. This also included a massage and the technician was so much fun to talk to. Next went to a manicure with a hand and wrist massage. The final item was a hair cut. The stylist was great as I went from hair to my kid back to a short bob as requested. She took the picture I had and followed it so that it for my face and how my hair lays. Everyone here is warm, welcoming, and amazing 1st what they do. I also picked up one of the products they use for use at home and you can see the quality in the products used. They also let you customize the package to what you want. Mine has a cut, wash, and style rather than just a wash and style and a gel manicure rather than a makeup application. It was an amazing day all together.

I walked in , no appointment, was greeted with smiling faces and great energy ! Lots of great information as I was also seeking organic, less toxic products. I am presently going through Breast C treatment and my hair is coming back.. wanted to know ways to keep the beautiful white/platinum color! I asked about trimming my hair, it is short as it is still growing in from having lost it all, the gals were super supportive and suggested not cutting it shorter, allowing it to grow in with its soft curls, some slight suggestions were offered and then to my amazement Candy had time to do a slight trim around my ears.. what wonderful service and support. no pressure to make all kinds of appointments, suggestions freely given and encouragement to keep on !! Definitely will be returning !!

The pedicure itself was an excellent experience. Kelly and Tracey are a delight and are fantastic at what they do. My problem comes in when I went to pay. I had three gift cards from various times, but I was told I would be unable to use the one gift card because there was no bar code on the back, and there was no way to be able to tell what amount was on the card. I paid the difference of what was not covered by the other two gift cards out of my own pocket. I really feel there should be a way to honor these perhaps older gift cards because now I essentially have a gift card that is useless. This really put a damper on an otherwise great morning at Artisan.

Bad haircut and terrible follow up service to make it right. Showed Jessica a picture and when she was finished cutting it she styled it and it looked cute. Washed and styled it this morning and it looked like a bob. I asked for layers and specifically said "I do not want a bob". Decided to straighten it hoping it would look better and that's when I noticed how uneven the cut was. A dent was taken out of the left side and the right side was longer. Layers on the right side were uneven. She said she was going to angle my bangs a little shorter and about a 1" piece of hair was angled toward my face which made no sense. The back was longer on the right than the left. I was so upset and late for work and looked like a washed out old lady. I could have cried. Left a VM on my way to work explaining my hair was uneven and I was hoping They could schedule me with someone who could fix it. INSTEAD, I get a call from Jess and she had spoken to Jessica. Jess told me that Since I wanted my hair wavy that Jessica couldn't double check it. That is unacceptable. Then jess told me I could come back and explain to Jessica how I want it. You mean explain I want it even?! I told Jess it was not a matter of personal preference my hair was uneven! She then (reluctantly) scheduled me with someone else. I hung up and the more I had the opportunity to stew about it the more I realized they way this was handled was unacceptable. I got better service when I took my 6yr old to sweet and sassy. I called back to cancel and let Jess know how upset I was at how it was handled.

Upstairs and my bed wasn't warm at all especially when I was getting my facial bed was cold and was told sorry and that I was her first client. So that should've been warming up knowing I was a early client. I had to remind them of my wine that was purchased with my gift and got champagne which I did not like.i do not recommended purchasing lunch with a spa day. I had to fix my hair once I left. I gave it a 3 star due to it being very clean and I loved my lady who did my pedicure which I cant remember her name. Maybe tiffany? It was nice I had a day to myself but I would look somewhere else for a spa day!

Peggy was awesome, as always, but not being able to put the tip on the card is ridiculous! In this day and age, everything is moving away from cash and check. Your salon charges too much to not be able to absorb the 3% charge applied to the tip. This is not a good decision by the salon if it wants to attract and retain business. I would recommend Peggy to anyone - she is amazing- but would hesitate recommending the salon given their lack of concern for what is best for their clients and stylists!

I was expecting better for the price... it was in celebration of my daughters birthday and it didnt have the wow factor I was hoping for. Her boyfriend treated me to this cut for all I had done for them and honestly it was a let down. Maybe I didnt express what I wanted clearly, but did have a photo to help. I expected too much I guess. Thats ok, not end of world, I will continue my search, but I cant give you all good reviews. That too is unfortunate as I know alot of people, who were waiting to see the new cut.

I went in with a picture, I thought was nice and clear, except didnt show the back. I came home my husband thought I didnt even have it cut. That alone was disappointing. I heard good things about this place, thought we would give it a try. Well, its not what I expected. Her cut was average, I had better, I guess I just had higher hopes. I was hoping to find a good one and didnt.

In September, I became a new customer of Artisans'; and after just two visits, perhaps their biggest fan. All staff are cordial and courteous. I cannot say enough kind things about my hairdresser, who worked tirelessly to get just the right cut and color. On my last appointment, she changed her normal hours to accommodate the error I made in scheduling. Who does that!? I would recommend Artisans' to anyone who is really fussy and wants the best care for their hair.

I am only writing my most current visit I have been there for massages and they were fantastic. The girl at the front desk was very nice. I went there for an updo comma she put curls in my hair and set me into the dryer for 10 to 15 minutes over 20 minutes later one of the customers asked me if I was alright and did I need water because it

was so hot I was getting flushed. When my update was finished I asked if she could do something with the top of my hair cuz it looked like a Donald Trump comb over she told me it didn't and did nothing to correct it. I came home took it out and ended up doing my own hair.

The haircut was cute.. It just wasn't what I wanted. I came home and no one even knew I got it colored or cut. I was hoping for a shorter cut and more in color.. Was disappointed. The hairdresser was very nice, but just didn't cut how I wanted it. I wanted to say it wasn't short enough but the color was already done and if she would of cut it, you wouldn't of seen any of the color.

My husband can't stop raving about my hair and I feel like a million bucks. I also had a waxing appointment with Natalie. Waxing is never a fun experience, but Natalie keeps you calm so the experience goes quickly. I was smooth in no time and had a nice chat while I was going about it. Other waxers have left me with bruises, but all I get from Natalie is hairless legs. Thank you!

I had an excellent appointment with Jessica! She always knows exactly what I want, even through my vague/confusing descriptions! She beautifully translates my ramblings into gorgeous color and cut! And the haircuts for my 2 boys look great as well! Always satisfied!

Unfortunately Tracy was sick...so Ann Marie did my pedicure. I enjoyed chatting with her and she did an excellent job. Even though I moved I'm going to come back to Artisans, I've tried other places and they just don't compare. I always enjoy my visits.

It was a great experience - I was greeted promptly and courteously, my stylist, Iris, treated me like an old friend. She took the time to talk to me about how I wanted my hair styled and gave me a really great haircut. A great experience overall. I will definitely be back.
